

# TERREAL Bird Stop

## Eaves Filler Comb

### Features

- > Protects against entry of birds, vermin and debris.
- > Comb adjusts to suit any profile of tile.
- > Fixing slots allow easy fixing
- > Lightweight and durable.

### Performance

- > Allow airflow and prevents the entry of birds and vermin into the batten cavity.

### Installation

- > Position Eaves Filler Comb on top of fascia board and simply nail through into the top of the fascia board, along the whole length of the eaves, with the comb facing outwards.

Nail the bird stop on top of the fascia board.

or

Nail the bird stop on the eave batten.
